PROFESSIONAL, COMPACT AND SAFE STUMPGRINDERS
WORK! and ENJOY!

B13-90 stumpgrinder

Compact stumpgrinder.

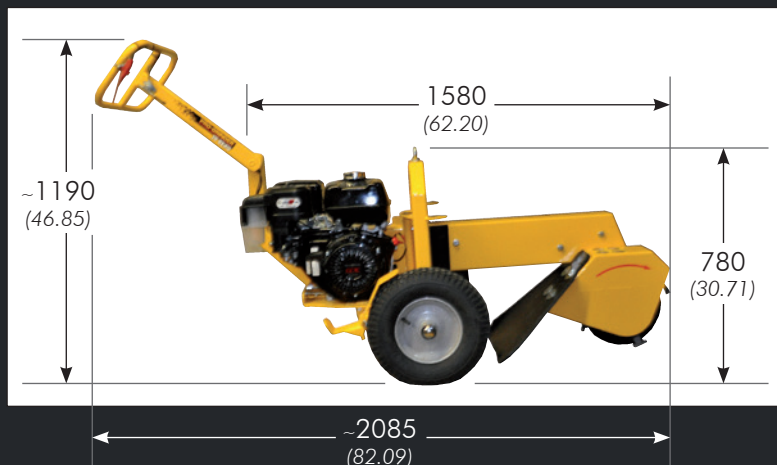

The B13-90 is just like his bigger brother (the B31-110) a very compact and professional stumpgrinder. The difference is that the B13-90 is standing on two large pneumatic wheels instead of caterpillar tracks and that the control of the grinder is manual instead of automatic. The grinder is very light in use because of the grind arm which is mounted on a pivot. Also the machine can be made very compact for transportation. Perfect for rental companies.

Safety.

All machines are built in compliance with the European directives and have obtained a CE certificate. All machines are supplied with a user guide and a parts list.

Technical data:

Max. working width	900 mm (35.5 inches)
Engine	Honda GX390
Power	13 hp - 1 cyl
Weight	151 kg (332.9 pounds)
Total width	770 mm (30.3 inches)
Total length	2100 mm (82.7 inches)
Max. grinding height	350 mm (13.8 inches)
Max. grinding depth	350 mm (13.8 inches)
Grind teeth	Greenteeth 700, 8 pcs
Dimensions	2100 x 770 x 1200 mm (LxWxH) (82.7 x 30.3 x 47.2 In)
Disc transmission	Double industrial v-belt
Self-propelled	No
Side displays	Option
Grindwheel ø	340 mm (13.4 inches)
Thickness grindwheel	12 mm (0.47 inches)

Ø340
(13.4)

Characteristics:

- Compact for transportation
- Extremely easy to manoeuvre
- Big air tires
- Very stable
- Only 770 mm (30.3 In) wide
- Reversible teeth (3 x 120°) & teeth can be sharpened
- Top quality
- Provided with lifting eye

100% MADE IN BELGIUM
